

I wanted to reassure parents/carers that we are closely monitoring the current situation regarding Coronavirus. As a precaution, we have increased cleaning around the school and are displaying posters to ensure students, staff and visitors remember to follow basic hygiene routines. We are following what is seen as good general advice about infection prevention and control at a time when colds and flu are common.

Regarding the Bay of Naples trip and the Catalonia Trip, due to depart during the Easter holidays, we are continuing to follow Foreign Office advice and will keep these under review. Currently, the advice from the Foreign Office is that it is safe for both trips to continue.
