

Child Nasal Flu Vaccination

Don't miss out on your child's flu vaccination
Protect your family against flu this winter!

The Starting Well Service are currently delivering the Child Nasal Flu Vaccination Programme in Cheshire West and Chester schools.

Consent for your child to have the flu vaccination is now accessed online via Cinnamon eConsent, which has fully eliminated paper consent forms.

You will soon receive a letter from us offering your child the Flu vaccination. This will be sent as an email attachment from your child's school to your email address. **Please look out for this.**

The letter provides a link directing you to the online eConsent form and a school code needed when completing the form.

To ensure your child receives their vaccination we ask that parents and carers complete the form as soon as you receive the letter.

If you have any difficulty completing the online form or require more information please contact the team. We want to help!

For support completing the form please call
01244 397470
