

Dear Parent/Guardian,

An exciting new look for NCS this year!

We are able to invest £1200 DCMS funding into your young person.

However, it's first come, first served!!

NCS will be dropping into your young person's school on Mon 17th Jan to deliver an assembly introducing an amazing opportunity for Summer 2022.

Summer this year has an exciting new twist, the NCS experience will be a 2-week adventure beginning with a week away from home. **Monday to Friday your young person will be completing a residential week** packed with amazing activities and workshops designed to build confidence and prepare them for adult life. The second week is social action delivering a legacy project in their communities.

Why NCS?

Our NCS programme is packed full of benefits for your young person such as;

- **Employability**
- **Resilience & Confidence building**
- **Boosting CV**
- **Promoting Positive Mental Health**
- **Improving speaking & communications skills**
- **Making new friends**

Plus, exclusive **FREE** access to the IBM Skills builder website where your young person can complete online training to upskill themselves as part of a digital world

Don't believe us? Why not listen to what previous NCS graduates have to say and have a peek at the Summer 22 experience. Just follow this link to see more;
