The 'Core' (for everybody)

- English – (2 GCSEs - Language and Literature)
- Maths (GCSE)
- Science - at least 2 GCSEs for all students

Science

Combined Science (Trilogy)

- **Worth 2 GCSEs**
- 6 exam papers: 2 Biology, 2 Chemistry and 2 Physics (each 1 hour and 15 minutes total = 7.5 hours)

Separate Sciences

- Three separate GCSEs in Biology, Chemistry and Physics
- 6 exam papers: 2 Biology, 2 Chemistry and 2 Physics (each 1 hour and 45 minutes total = 10.5 hours)

Both courses are designed to allow students to progress onto A level Sciences

Separate Science

So all students can study separate Science (if they wish to) we will have two pathways

Pathway	Hours per fortnight	Hours per Science GCSE a fortnight	Number of option choices	Total number of qualifications
Express	10 + 1 After school and 1 in Core PE = 12 lessons	4	2	10
Option	10 + 5 in Option block = 15 lessons	5	1	9

If students wish to take Separate Sciences they should pick it as one of their main option choices.

high quality and of the same standard as GCSE subjects

PE Courses

- The PE department offer two PE qualifications
 - GCSE PE (AQA)
 - Cambridge National Sports Studies Level 2 (OCR).
- Both qualifications are judged by the DfE to be high quality and of the same standard
- *Note students can only choose one PE course as one of their two options*

9 GCSEs or Qualifications

- English Language
- English Literature
- Maths
- Science (2 GCSEs)
- French or Spanish
- Geography or History
- Options (2 GCSEs/Vocational Qualifications)

Students who are in the Separate Science express group will achieve 10 GCSEs or qualifications (due to number of option choices)

Vocational Qualifications

The three vocational courses that are offered to students are

Cambridge National Sports Studies Level 2 (OCR)

Pearson BTEC Level 2 Tech Award in Creative Media Production

Pearson BTEC Level 2 Tech Award in Digital Information Technology

Some colleges currently only count GCSEs in their entry requirement.

It is important to note, the curriculum the vast majority of students will follow provide them with a minimum of 7 GCSEs. This is currently more than most colleges' entry requirements. Therefore, selecting one or two vocational qualifications still means that all post-16 pathways remain open.

History

At The County High School, Leftwich, an Academic Curriculum is an opportunity for and expectation of all students, further enriched by opportunities beyond the timetable.

Languages

The School's curriculum endeavours to develop students':

Art & Design

- **Comprehension and command of the best that has been said, thought and done**, ensuring students are equipped with the **knowledge and skills** they need in order to take advantage of opportunities, responsibilities and experiences of later life.

Careers

- **Character**, further engendering an understanding, awareness and appreciation of other communities and cultures and that they are prepared to be positive and active citizens as part of these.

Creative Computing & Media

- **Creativity and imagination**, stimulating an appreciation of human creativity and achievement, enabling them to create high-quality work for authentic audiences.

Design & Technology

Education for Life

Music

Students will follow an ambitious, broad and balanced, three-year Key Stage 3 (Year 7-9). For the majority of their time at the School (Year 7-9) students' study: English; Maths; Science; a Modern Foreign Language; Geography; History; Religious Studies; Design and Technology; Creative Computing and Media; Art; Music and Physical Education. During Key Stage 4 (Year 10-11) students have the opportunity to follow their passions and elect for the subjects they enjoy and achieve most in. At the heart of our Key Stage 4 curriculum is a strong academic core as defined by the English Baccalaureate suite of subjects (English, Maths, Science, a Modern Foreign
