Dear Parents/Carers,

Guides to Success

We have produced a series of short videos to support students with their internal and external exam preparation. There are videos for both Key Stages and each subject area, explaining where revision materials can be found and suggestions of how to revise effectively in each subject.

The link to these videos can be found on the school website, under the curriculum tab and exam information. You will see the Guides to Success listed and can select the relevant Key Stage and subject area from here. <https://www.leftwichhigh.com/curriculum/exam-information/>
